

MESOWHITE

Brightening Serum

Age spots and dark skin tone solution

DERMEDICS™ MESO WHITE is a serum designed for safe and intensive skin whitening treatments. It is recommended for people with dark skin tones and also for reduction of the appearance of freckles and skin discoloration caused by acne and photo-aging (age spots).

Overview

- Daily skin care of face and body
- Unisex: for women and men, for skin of all types
- Dark skin tone
- Uneven skin tone
- Delicate and sensitive skin
- Freckles
- Discoloration
- Hyperpigmentation
- Post-acne spots
- Post-sun spots
- Age-spots

Active Ingredients

Micro-encapsulated Diacetylboldine (DAB) with Manganese Titanium Dioxide (TiO₂Mn) + Narcissus Organic Extract + Brassica Napus Seedcake Extract + 50 kDa Hyaluronic Acid

Directions for use

- Mesotherapy
